Welcome to the very first Laureate Gala hosted by Progressive Musicians, Sound Espresso, Virtual Concert Halls, & The New York Chamber Players Orchestra. Today's program will feature musicians from numerous countries who have won our 2022-2023 Laureate's Auditions.

Progressive Musicians' and Sound Espresso's mission is to help musicians of all ages achieve their goals by advancing artistically through innovative formats of online competitions. Since 2020, we have been hosting online and Internet TV events that provide musicians with a live virtual platform to reach out to world-wide audiences, receive expert feedback from professional musicians, share their artistic views, new albums, and to compete for prizes ranging from our Internet TV showcases, to the most prestigious performance venues around the world. We believe that it is important to recognize all the instruction and support that goes into the development of a musician. We also recognize the value of experience and progress. Progress does not always happen at a consistent rate, it may be quicker at one stage, and slower at another. Aspirations also vary at different stages of life, and from person to person. As one steps out of their comfort zone, it takes courage to share one's art for humanity.

Music is an artistic vehicle that brings together storytelling, math, history, art, imagery. Most significantly, it provides an environment and a language for deeply emotional connections. Although music is appreciated by many, art can never be perfected, providing an opportunity for eternal evolution and enjoyment. Music illuminates the gifts of many cultures, our world's biggest historical events, and continues to inspire stories, movies, dance, and enhances social gatherings. Some key ingredients to strong musical training include engaging highly qualified instructors, supportive family and community of friends and fans. It also demands a disciplined practice routine, collaborations with other artists, and many opportunities to perform on various stages and venues. There are endless musical possibilities and unique artistic voices being discovered.

We are thrilled to be working with an amazing team of professionals that continue educating, encouraging, and rewarding musicians of all ages and stages of their careers. Today we are honored to have pianist James Adler to offer the James Adler Audience Favorite Award, as well as to present additional awards from iClassical Academy.

It would be impossible for us to continue these types of events without the dedication and support of all our families and everyone who contributed!

THANK YOU FOR EVERYTHING! Enjoy the Gala!

## Steve Robinson

Steve Robinson is an American radio manager, producer and executive producer. He has held senior management positions with numerous American radio stations, including WFMT and the WFMT Radio Network/Chicago, WBUR/Boston, WGBH/Boston, WCRB/Boston, KPFA/Berkeley, WBGO/Newark, Vermont Public Radio and Nebraska Public Radio Network. Robinson served as general manager of the statewide Nebraska Public Radio Network (1990-2000) and WFMT and the WFMT Radio Network from 2000 until October 2016.

A 50-year radio veteran, he has produced programs ranging from classical music documentaries to public affairs programs and has directed over 100 on-air pledge drives.

In 1984, he co-founded AIR, the Association of Independents in Radio, a service organization to assist independent radio producers in the United States. Robinson wrote AIR's first two successful grants from the New York State Council on the Arts and the National Endowment for the Arts. Throughout his career, Robinson has produced dozens of radio programs that have been heard throughout the world, including live broadcasts from Salzburg, Austria (on the occasion of Mozart's 250th birthday); Durbin, South Africa (for the world premiere for the opera, "Princess Mago"); Quebec City, Canada (for a live broadcast of Mahler's Symphony of a Thousand with 1000 performers); Jerusalem, Israel (for a broadcast from the Jerusalem International Chamber Music Festival); and has produced numerous live broadcasts from Chicago and throughout the U.S. He has worked with William Schuman, Elliott Carter,[14] Charles Dodge,[15] Roger Reynolds, Alan Hovhaness and other composers on programs about their music. In 2003, he created the daily classical music appreciation radio program, Exploring Music with Bill McGlaughlin. The series is carried by state networks throughout the world including Australia and China. At the WFMT Radio Network he created the first classical music radio exchange between the United States and China.

In 2000, Robinson became the general manager of WFMT and the WFMT Radio Network. Founded in 1951, WFMT is considered as one of the most admired classical music stations in the U.S. and under his leadership many new programs were added to the local schedule, including Introductions, Impromptu and others. Robinson worked on diversifying the programs of WFMT by expanding the amount of live broadcasting from the station.

One of his most important initiatives at the WFMT Radio Network was the creation of Exploring Music with Bill McGlaughlin, in 2003. This daily, one-hour music appreciation program is heard on over 60 U.S. stations and has a weekly audience of over 400,000 unique listeners. The program is also heard in Australia, Guam, the Philippines and in Beijing. Initial funding for Exploring Music was provided by the National Endowment for the Arts with additional funding from individuals and foundations.

The station under his leadership focused on live music by broadcasting a wide array of local Chicago groups and ensembles. In 2007, the Chicago Tribune named him "Chicagoan of the Year" in the arts.

In 2015, he executed a cross-cultural broadcast relationship between America and China by exporting to China for the first time broadcasting concerts by the NY Philharmonic, LA Philharmonic, San Francisco Symphony, Dallas Symphony, Chamber Music Society of Lincoln Center and Carnegie Hall. He also arranged for concerts from the Shanghai Spring International Music Festival and the Shanghai Symphony Orchestra to be exported to the West with broadcasts in the U.S., Canada and Europe.

In 2004 and again in 2010, Robinson created and produced two, live, 17-hour fundraising campaigns involving all Chicago radio and TV stations to aid victims of the tsunami in southeast and the earthquake in Haiti. Each campaign raised over \$3 million. Robinson received two Wesbury Award from the American Red Cross of Greater Chicago for the fundraising campaigns. [

In 2008, Robinson and Bill McGlaughlin received the Dushkin Award for Exploring Music with Bill McGlaughlin from the Music Institute of Chicago. He has received local and national awards for his work in Chicago, including the Champion Award from the Merit School of Music, the ASCAP/Deems Taylor Award for creative programming and others.

Tallā Rouge was formed at The Juilliard School in 2020 under the mentorship of Roger Tapping & Karoly Schranz of the Takács Quartet, and the ensemble made their debut virtually with “Music for Food” under the direction of violist Kim Kashkashian. Aria and Lauren bring their Persian & Cajun heritage to the stage, challenging audiences’ perception of the viola by breathing life into under-represented music for their under-represented instrument. Drawn to folk, West-Asian, and LGBTQ+ influenced composers, Tallā Rouge has worked with Scott Slapin, composer and violist of the Slapin-Solomon Duo; Sabah Aminikia, a Persian composer who gained his acclaim by working with the Kronos Quartet; David Rimelis, traditional fiddler, folk-lorist, and composer; and Meredith Monk, a LGBTQ+ avant-garde artist who has generously arranged “Hocket” for Tallā Rouge. As a champion of new compositions, Tallā Rouge runs an international viola duo composition competition — aiming to lead a renaissance in viola duo composition. Aria and Lauren’s intrinsic need to capture the spirit of music is fueled by a mutual love for outreach, accessibility, and authenticity — values that set the tone for the duo’s refreshingly intimate stage presence. Sharing the belief that “good music is good music”, Tallā Rouge presents the works of living composers alongside the reimaged classical works of Beethoven, Brahms, and Mozart.
